

CAUSES SOME CONCERN

NO FINAL ANSWER FROM THE ALLIED POWERS YET RECEIVED
BY MR. BOWEN.

PREFERENTIAL TREATMENT

Contention of the Three Powers That Their Claims Shall Have Precedence Over Those of Other Nations Is the Point on Which the Negotiations Now Hang Fire—Case May Yet Go to The Hague.

Washington, Jan. 30.—The Venezuelan situation is still very uncertain, and officials are awaiting with some concern the developments of the next forty-eight hours. No final answer has come to Minister Bowen's proposition offering a guaranty as demanded by the allies, as a preliminary to the raising of the blockade and the relief of the unfortunate situation in which the blockade places the people and government of Venezuela. The contention of the three allies that they shall be given preferential treatment in settlement and payment of their claims as against all the other seven creditor nations, is the point on which the negotiations now hang fire. Minister Bowen is insistent that the allies shall not have preferential treatment in the matter of payment of the claims, and in all his conferences with the representatives of the European governments here he has made his position very clear. It is known that he has declined to modify his demands in this respect. Pressure along certain influential lines has been brought to bear on the allies to show the justice of Mr. Bowen's contention. The rejection of his proposition for the treatment of all creditors alike, it is believed here, would result in throwing the case to the Hague tribunal, before which body all the nations having claims against Venezuela would be placed on an equal footing. It is known that the allies would prefer that this should not be done, as consideration of the claims by that body would entail much delay in their settlement, and there are other features which make it desirable to the allies that the claims be settled outside that body. One of them is that if they came before the Hague, Venezuela would have the right to

as an offset to those presented by the allies. These, it is said, might reduce considerably the amount of money to be paid by Venezuela. For these and other reasons it is not surprising to well informed persons here that the European governments are taking time to consider fully their reply to Mr. Bowen's proposition before making their final answer. At the same time the fact that they have not agreed upon their answer caused an uneasy feeling in Washington and some apprehension as to what the future may bring forth. Minister Bowen continues hopeful of a favorable answer to his proposition. He realizes that the question is an important one to the nations involved, and is not unwilling that they should take time to consider the question fully. Up to a late hour the allies' representatives had received no answer from their governments, and there was no occasion for them to see Mr. Bowen.

It is learned that on the second day after his arrival here, Minister Bowen informed the French diplomatic representative in Washington that the French claims would be treated on the same basis as claims of the allies and would be taken up after the blockade was raised. Relying on this assurance, the French government has remained inactive, but it is stated that should the allied powers be granted preferential treatment France would take steps at once to protect her Venezuelan interests and would make representations on the subject to the foreign offices at London, Berlin and Rome.

ATTITUDE OF GERMANY.
Senate Military Committee Ready to Call All Bluffs.

Washington, Jan. 30.—The Venezuelan situation, especially the attitude of Germany, was discussed by the senate committee on military affairs during the day, and the situation influenced the committee on some matters pertaining to the army appropriation bill, among which was the decision to accept the house provision relating to transports that they be retained in the service. The committee also provided for an increase of electricians, skilled gunners, machinists and sergeants, and others who take care of and handle guns in the sea coast defenses. Some other additions were made in the bill with a view of improving the service. The discussion was general and earnest, and the conclusion reached, as stated by a member of the committee, that the United States make it plain that the honor and dignity of the country would be maintained and that Germany should not be allowed to bluff the government by any attitude she might assume.

UNEASY IN CARACAS.
People Have Been Hourly Expecting Raising of the Blockade.

Paris, Jan. 30.—A dispatch to the Matin from Caracas says the news came that the allies had refused to place the claims of the other powers on the same footing as their own just

when everybody there was hourly expecting the raising of the blockade. The news again perturbed the government circles and the population. The customs officials at La Guayra, adds the correspondent, continue to reorganize the customs service, and the dockers are impatient to resume work.

After Holland's Street Railways.
New York, Jan. 30.—An American syndicate in which are well known New York financiers has been formed to control of the principal street cars and electric lines in Holland.

HIS CONDITION CRITICAL.
Ex-Secretary of the Navy Long Dangerously Ill in Boston.

Boston, Jan. 30.—Former Governor John D. Long, secretary of the navy under President McKinley as well as for some months under President Roosevelt, lies severely ill at St. Margaret's hospital in this city. Three physicians are at his bedside, his wife and daughter are close at hand and his young son, Pierre, has been summoned from Hingham. An official bulletin issued late in the evening stated that the patient's temperature was 101; pulse, 88, and respiration 34.

Governor Long was brought from Hingham nearly three weeks ago with catarrh of the bladder, a trouble of long standing. He was taken to the St. Margaret's hospital, a private institution. Dr. J. Winthrop Spooner, one of the consulting physicians, who has been the family physician for nearly thirty years, was sent for during the evening.

On being pressed for an opinion as to the patient's condition, Dr. Spooner said: "It is critical." When first brought to the hospital, Governor Long was attended by Dr. Spooner and Dr. E. G. Cutter of this city. After his condition became serious, Dr. Hugh Cabot was called in to consult, and the three physicians have now assumed personal charge of the patient.

The following bulletin was issued at 2 a. m.: "Governor Long during the past three hours has been very restless, but at 1:45 he dropped into a sleep. His temperature is 101.4; pulse, 94; respiration, 28. There has been no decided change since the last bulletin."

ONLY EIGHT IDENTIFIED.

Twenty-three People Killed in the Southern Pacific Wreck.

Tucson, Ariz., Jan. 30.—A revised list of the killed and injured in the collision on the Southern Pacific Wednesday morning near Vails, places the number of dead at twenty-three, of which eight have been identified. The injured number twenty-one.

The gruesome details of the wreck were gone over by witnesses before the coroner's jury which assembled here late in the afternoon. Before the taking of the evidence, the jury was taken to the improvised morgue, where fourteen charred bodies are awaiting identification. They are in such condition that the identity of many may never be established. So terrible was the scene that few of the jury empaneled to hear the evidence could look upon the sight more than a few minutes.

A box full of bones and pieces of flesh was taken from the morgue during the afternoon and buried in the local cemetery. Information from the scene of the wreck says there are innumerable small bones scattered about it is quite impossible to give an accurate statement as to the number of people that lost their lives.

ELECTRIC TRAINS COLLIDE.

Score of Passengers Injured and Both Cars Burned.

Pittsburg, Jan. 30.—One of the worst wrecks the Pittsburg Railways Traction company has experienced since its organization occurred during the evening. A score of passengers were injured and two cars were completely destroyed. Traffic was stopped for several hours.

Eight victims are in the hospital; the others were taken to their homes. Thomas B. Davis of Pittsburg is perhaps fatally hurt, his injuries being internal.

A car on the Homestead branch was on its way to Pittsburg. Just as it passed Forward avenue it struck a huckster's wagon.

After going some distance, it backed up the hill to see what damage had been done. Just then it was met by a second car coming down the hill at a terrific pace. When the collision occurred the trolley wires were crossed, causing a fire which completely consumed both cars in the wreck. Fortunately, all of the injured passengers were taken out before the flames reached them.

CHIEF WHITE CALF DEAD.

He Participated in the Bloody Battle of Wounded Knee.

Washington, Jan. 30.—White Calf, chief of the Blackfeet, who played a part in the Indian wars of the West in the 60's and who won General Miles' regard for his military abilities, died at Providence hospital here during the night of pneumonia, aged eighty years. He had been in Washington for a week on business for his tribe. White Calf was one of the chiefs who participated in the historic and bloody battle of Wounded Knee.

DEATH OF MAJOR A. E. BOVAY.

Old Resident of Ripon, Wis., Passes Away in California.

Milwaukee, Jan. 30.—A special to the Sentinel from Santa Monica, Cal., says:

Major A. E. Bovay, aged eighty-five, a long time resident of Ripon, Wis., died here during the day. He is said to have been first in framing the earliest organization of what has been known as the Republican party.

MACEDONIAN REFORMS

FRENCH YELLOW BOOK DETAILS EFFORTS TO INDUCE TURKEY TO GRANT THEM.

JOINT NAVAL COERCION

Reports Current in Odessa That Austria and Russia Have Agreed Upon a Demonstration to Compel Turkey to Institute Needed Reforms—Said the Sultan Will Fight in Preference to Granting Demands.

London, Jan. 30.—The publication of a French yellow book detailing the efforts made by France and Russia during the past year to induce Turkey to institute reforms in Macedonia, which resulted in the tour through the Balkans of Count Lamsdorff and in the Austro-Russian agreement regarding press reforms in Turkey, is held to point to the fact that an acute phase of the Balkan question has arisen. The rumors that Austria is preparing a squadron at her naval port of Pola, the passage of the Russian torpedo boats through the Dardanelles into the Black sea and other incidents are being recalled, whilst the official denials of the mobilization rumors issued by the Austrian government are received with some skepticism. There have been recently several reports of hasty purchases of war material by Roumania, the Balkan states and Turkey.

The yellow book confirms the statement that France approves of Count Lamsdorff's proposal to institute radical reforms in Macedonia, and gives a gloomy account of the deplorable conditions prevailing in the Macedonian provinces. Reports are current in Odessa that Austria and Russia have agreed upon a joint naval coercion of Turkey in the approaching spring to enforce reforms in Macedonia. According to Professor Bambury, who is supposed to be well informed as to the views entertained at Yildiz Kiosk, the sultan, believing that the intention is to wrest Macedonia from the Turkish empire, would prefer the risks of war to acquiescence in the European demands.

The drift of European comment is that although there is no immediate danger, the situation is causing diplomatists the keenest anxiety.

MUCH BITTERNESS SHOWN.

Washington Legislature Elects Levi Ankeny Senator.

Olympia, Wash., Jan. 30.—On the thirteenth joint ballot during the day Levi Ankeny of Walla Walla was elected to succeed George Turner, Dem., in the United States senate. Twenty-three of the Republicans who did not join in the general caucus acquiesced in the result and cast their votes for Mr. Ankeny. Thirteen, however, declined to accept the caucus choice.

They were all railroad commission men. Nearly every one of the Republicans who refused to vote for Ankeny, "explained his vote," and bitterness was shown by several members of the King county (Seattle) delegation against the ones who broke the anti-caucus agreement.

GREAT DISTRESS PREVAILS.

Ten Thousand Men on Strike in Reus, Spain.

Madrid, Jan. 30.—A general strike has broken out in the town of Reus, province of Tarragona. Ten thousand workmen are affected. Many cases of intimidation by the strikers have occurred. Bands of strikers are watching the railway to prevent the importation of outside labor. The troops are confined to barracks. The employers declare that the movement is political. Great distress prevails among the strikers owing to the scarcity of food, and several deaths are attributed to this cause.

The town of Reus has manufactures of soap, morocco leather goods, wines, and has cotton and silk spinning. Its population is about 30,000.

PACKING PLANT BLOWN UP.

Four Men Killed and One Fatally Injured at Fort Wayne, Ind.

Fort Wayne, Ind., Jan. 30.—Four men were killed, one fatally and three others seriously injured and a half a score others more or less severely hurt in an explosion which wrecked a large section of the Eckart Packing company's plant during the day. The dead are: John Foltz, "Red" Matthews, Henry Pipenbrink and Conrad Miller. John Vorst is fatally injured.

PLAGUE STILL RAGES.

Five More Deaths at Mazatlan, Mex., From the Disease.

Mazatlan, Mex., Jan. 30.—There were five deaths from the plague during the day. Governor Canedos' conduct in remaining in the city and inspiring the leading citizens with courage to fight the plague, wins the heartiest praise. The burning of infected houses continues.

Foreign Minister Stricken.

Rome, Jan. 30.—Foreign Minister Prinetti had an attack of paralysis of the right side while being received in audience by King Victor Emanuel during the day. He was removed to his home in a serious condition.

QUAY'S ACTION NOT UNUSUAL.

Legislation Has Been Placed on Appropriation Bills Before.

Washington, Jan. 30.—The senate proceedings were unmarked during the day by any lively debates such as occurred Wednesday. Mr. McLaurin (Miss.) urged the adoption of the Rawlins resolution calling on the secretary of war for the evidence in certain court-martial cases in the Philippines on the ground that the officers of the army in a number of instances had brutally treated Filipino men and women and he wanted them weeded out of the army.

Mr. Lodge concluded his remarks in opposition to the omnibus statehood bill and Mr. Bard (Cal.) also spoke in opposition to it.

Just before the senate adjourned, Mr. Foraker of Ohio took occasion to say that the proposition of Senator Quay to tack the statehood bill onto an appropriation bill was not extraordinary. Legislation had been placed on appropriation bills before by the will of the senate.

Mr. Clay (Ga.) expressed the same view in a few remarks.

SUBMIT A MINORITY REPORT.

House Democrats Want to Amend Anti-Trust Bill.

Washington, Jan. 30.—A minority report was submitted to the house during the day by the Democratic members of the house judiciary committee on the anti-trust bill recently reported by the committee. The views of the minority are submitted at considerable length. They propose an amendment which will make the bill applicable in its operations to existing corporations as well as to those organized in the future, and will deny all corporations violating the Sherman anti-trust law the use of the mails, telegraph and telephone systems, as well as the other facilities of interstate commerce specified in the bill reported.

Another amendment proposed to make watered stock grounds for declaring a corporation bankrupt. Still another amendment provides that every corporation engaged in interstate commerce wherever organized, shall be subject to the jurisdiction of the state in which it may operate.

SETTLE ONE POINT IN DISPUTE.

Reading Coal Company and Men Agree Weighing Is Impracticable.

Philadelphia, Jan. 30.—The Philadelphia and Reading Coal and Iron company, the last of the large coal companies to put its case to the coal strike commission, took up the time of the day's session of the commission. At the afternoon session announcement was made that the mine workers and the Reading company's officials had agreed that the weighing of coal in the Southern coal fields is impracticable. This settles, so far as this field is concerned, one of the principal points in dispute. It is still a bone of contention in the middle and upper parts of the anthracite region. Most of the contract miners in the Southern fields are paid by the yard.

The witnesses called by the Reading company during the day were principally superintendents, who told of conditions existing about and in the collieries owned by that company.

MESSAGE TO CONGRESS.

President Recommends Agreement Between Gold and Silver Countries.

Washington, Jan. 30.—President Roosevelt during the day sent the following message to congress:

"I transmit herewith a report from the secretary of state with accompanying notes from the Mexican ambassador and the Chinese charge d'affaires, ad interim, which seek the co-operation of the United States in such measures as will tend to secure and maintain a fixed relationship between gold standard countries and silver standard countries. I recommend that the executive be given such powers to lend the support of the United States in such manner and to such degree as he may deem expedient for the purposes of the two governments."

The message was referred to the committee on finances.

ARMY APPROPRIATION BILL.

Senate Committee Amends It in Several Particulars.

Washington, Jan. 30.—The army appropriation bill was reported to the senate during the day amended in various particulars. The most important additions provide for the retirement with advanced rank of officers who served in the Civil war and for the creation of a general staff. The retirement amendment is in the exact language of the bill recently reported by the senate military committee and the staff amendment is in the language of the staff bill recommended by the secretary of war, with the military committee's amendments added.

The committee recommended in appropriations increases aggregating \$3,365,000, the total carried by the bill as reported being \$77,241,277.

BY DEVASTATION AND MURDER.

How Prominent Filipinos Wanted the Rebellion Crushed.

Chicago, Jan. 30.—Major General Elwell S. Otis, in a lecture before the students of the College of Commerce and Administration at the University of Chicago, declared that prominent Filipinos urged him to put down the rebellion in the Philippines by devastation and murder.

"The impression given me was that civilized warfare would not suppress the rebellion," said the speaker. "It was stated the rebels would attribute humane warfare to cowardice and would be encouraged. Devastation and murder were urged."

Hold Office—Salvador and Guatemala on the Verge of War.

Panama, Jan. 30.—The interventions of the Central American republics in each other's internal affairs have brought about a most critical situation in Central America. President Manuel Estrada Cabrera of Guatemala is in favor of the elected president of Honduras, Manuel Bonilla, while General Zelaya, president of Nicaragua, and General Regalado, president of Salvador, insist that the retiring president of Honduras, General Terencio Sierra, shall continue in the presidency.

Meanwhile the revolutionists are prepared to start a rebellion in Salvador, and, according to the latest news received, the Salvadorean and Guatemalan armies, commanded by their respective presidents, Cabrera and Regalado, were on the frontier accompanied by revolutionary refugees and on the point of hostilities.

According to previous dispatches the retiring president of Honduras, General Sierra, had refused to turn over the presidential power to Senator Bonilla and had made efforts to persuade congress to declare the latter's election null. Senator Bonilla had retired to Amapala island, where he had gathered his followers and a quantity of munitions of war and had threatened to start a revolution if he did not obtain his rights. A later dispatch announced that the Honduran congress had approved the election of Bonilla.

A dispatch from Panama, Jan. 20, reported that General Varahona and Manuel Rivas had organized a force on the frontier of Guatemala and started a revolution in Salvador. The president of Salvador, Senator Regalado, had left the capital to engage the rebels.

STORIES OF SAGASTA.

An Instance of Spanish Premier's Gallantry—How He Won His Wife.

Spain's ex-premier, the late Don Praxedes Mateo Sagasta, was very warm hearted and had been quite a ladies' man. There are many instances of his great gallantry. One in particular is related in which a royal lady was most grateful to the then young republican leader. This incident took place many years ago, but the lady never forgot how nobly Sagasta behaved when letters that compromised her most seriously found their way into his hands. Instead of taking a mean advantage of them he returned them to their rightful owner unread. Sagasta was sent to Logrono for his first studies and then to Madrid, where he completed his education and took up the profession of civil engineer. It was then that he had the one romance that lasted the lifetime of the lady who when she died was his wife. Sagasta, with the help of other fellow students, kidnapped the bride of another man just as she was leaving the church after the ceremony. Society forgave them in after years, as it was well known that they had been crossed in love, no one supposing that the hardworking engineer would be one day one of Spain's greatest men.

The household of Sagasta might really have been one of Charles Lever's famous Irish ones. It was conducted on such reckless principles of hospitality. The Sagastas kept open house, and the place was always full of guests, who were often almost strangers to their host and hostess. Senor Sagasta invited his friends and his wife invited hers, generally without consulting each other in the least.

An amusing story is told of how a guest arrived some time ago and made a long stay. After he left Senor Sagasta said to his wife, "Well, I see your friend has gone away at last." "My friend!" said the lady. "Why, I never saw the man before in my life. I thought he was a friend of yours." "Well, I don't know him," said her husband. "I wondered who he was, but supposed you knew him and had invited him."

WOMAN WITH PINK TEETH.

Chinaman's Piances Will Adopt Novel Method to Collect a Dowry.

The newest turn in Parisian music halls will shortly be the appearance of a lady with pink teeth, states the London Telegraph. She is a native of Canton, but born of French parents. Her teeth, which are perfect, are of a semitransparent substance, resembling pale colored coral. A dentist who examined them says that they will never decay. They are as hard as diamonds, and the latter gems are the only material with which a mark can be made on their surface.

The lady is very pretty, and her pink teeth are said to enhance her charms. She proposes to appear at Paris music halls with an electric lamp in her mouth. The light shines through the pink ivory and is reported to produce an effect which is fascinating as well as weird. The lady is going on the stage for the purpose of collecting a dowry to enable her to marry a young Chinaman who has fallen in love with her pretty face and her pink teeth and whose affection she returns.

MUSIC AND DRAMA.

"CHARLES B. HANFORD."

There was a particular interest on the part of those who heard Mr. Charles B. Hanford last year in the "Taming of the Shrew" to hear and see him in "Much Ado About Nothing", which was the attraction at the Brainerd opera house last night, and to them perhaps the play and the star had a greater attraction than to others in the audience. Sentiment as to which play served as the best carriage for Mr. Hanford's dramatic ability is divided. There are those who had rather see Hanford in the romping, rollicking and unreasonable Petruchio than as Benedick in "Much Ado About Nothing." In the "Taming of the Shrew" Hanford was the whole show and he drove everything before him like a cyclone. In the this play last night, while he is pre-eminently the star, in fact as well as in name from the first, his subordinates occupy too much of their time at the center of the stage, when everyone would rather see Mr. Hanford there himself. He was excellent in the part he assayed to portray, however, and the performance last night was an enjoyable one, and many who stayed away missed a treat. Miss Drofnab as Beatrice won a place in the hearts of a Brainerd audience also.

"CAPTAIN JINKS."

"Captain Jinks" played twice at the Grand yesterday by Miss Elizabeth Kennedy and her capable support is by far the best thing seen locally this season.

"Captain Jinks of the Horse Marine" is one of those simple, clean, sweet love stories, beheld in the quaint atmosphere of the early seventies. Nothing salacious, nothing with even a suspicion of the questionable, no trace of low humor, no buffoonery, but just a pretty romance. Such plays as this do honor to the stage, as the lack of them has helped to make the stage anathema.

Miss Kennedy herself was admirable. In her playful coquetry with the reporters, in her love passages with Captain Jinks, in her tearful disappointment, in her wild determination to succeed as an opera singer, and in her final recognition—in all these shifting colors of sentiment there is no false note, so that the six curtain calls she received at the end of the second act were not to be wondered at.

Theodore Babcock, as Captain Jinks, was not less satisfactory. Possessed of a fine figure and address, Mr. Babcock shaded his work with a delicate humor that proclaimed the artist. Edward J. Mack, as Prof. Belliarti, was another striking figure. Harry Barton as the bell boy was typical. Miss Lambert, at Mrs. Greenborough, was delightful, and the same might be said of Miss Caroline and Miss Barton.

The rest of the company was almost equally capable with the principals, even through the ranks of the ballet ladies.—Atlanta Journal, Sept. 24.

This beautiful attraction will be seen at the Brainerd theatre next Wednesday, Feb. 4. The curtain will rise promptly at 8:15 for this performance.

"HEART OF MARYLAND"

Probably one of the strongest dramatic companies en tour this season is that which is under special management for the interpretation of David Belasco's romantic and unprecedentedly popular play of the "Heart of Maryland", which comes to the Brainerd theatre for only one performance, next Thursday, February 5th.

As Maryland Calvert, Miss Alma Kruger will appear in her artistic realization of the character, which revealed her to popular favor as an artist of sterling talent when she became the first successor of the famous Mrs. Leslie Carter. The other principal members are Tefft Johnson, Herbert Bostwick, B. J. Murphy, W. B. Murray, Francis Justice, Thomas Lowell, Rowland Hill and Misses Anna Wayne, Florence Foster and Janet Golding.

To complete the attractiveness of the play, new and realistic scenic illustrations and appointments have been provided. No pains or expense seem to be omitted to insure a perfect and brilliantly perfect ensemble for the performance and increase in intensity the interest in its incidents in field and camp and add to the thrilling suspense of its tableaux. The marvelously effective scene in

the tower of the old colonial church in which Maryland Calvert, defiant of death, achieves her triumph and saves her lover's life by leaping from the platform of the belfry and grasping the clapper prevents the ringing out the alarm, is one of the most startling of dramatic sensations.

BLIND BOONE.

Don't forget that the Blind Boone Concert Co. will appear in the First M. E. church on Wednesday evening, Feb. 4.

Boone is a well educated man and a good talker. His touch is as soft and delicate as a lady's but is also characterized by immense power, while his memory is remarkable. His only way of learning a composition is by hearing some good pianist play it over three or four times, then he will sit down and perform the task without a mistake. His repertoire consists of almost every grade of composition from Liszt's Hungarian Rhapsodies and Beethoven's Concertos and Sonata to Peek-a-Boo and the Mocking Bird.

The Chicago Indicator says: "Taking all things in consideration, Blind Boone is one of the greatest and most remarkable pianists now living."

Tickets are now on sale at Dunn's drug store or may be had from Mr. Wm. Rogers, Mrs. Georgeson and Mrs. Richardson, also from the pastor of the church. Tickets only 50 cents.

Theatre-goers will make note that the performances hereafter will commence promptly at 8:15, and late comers will not be seated until end of act.

CHILD'S PLEA TO MORGAN.

Millionaire Banker Loans His Hymnal to Little Girl in Church.

The Littlest Girl was disconsolate because she had no hymn book when the services in St. George's Episcopal church of New York opened the other Sunday morning with the singing of hymn No. 421. She sat in the pew directly behind that occupied by J. Pierpont Morgan, says the New York World. The choir had sung one verse of the hymn, and during the interval preceding the second Mr. Morgan heard the Littlest Girl say in a plaintive whisper:

"I haven't got any hymn book." Mr. Morgan quickly turned to the Littlest Girl and extended his hymnal, which she took with much dignity. A moment later Mr. Morgan heard the sweetness of the Littlest Girl's voice as she sang, "Lead Us, Heavenly Father, Lead Us," with the choir.

Midwinter.

When the sleet is on the pavement and the blizzard's on the wing
And the cattle stand a-quaking and the sheep a-shivering,
When the hens have quit their laying and the cock forgets to crow
And the turkey gobblers when he hears the blizzard blow,
Oh, it's then a feller's wishing as he buttons up his vest
And puts on his coat and mittens for to face the howling blast
That he'd gone, a happy youngster, where they say the angels sing—
When the sleet is on the pavement and the blizzard's on the wing.

There's a time when Mother Nature does put on an awful frown,
And it sets my joints a-shaking for to hear her tearing round;
She's just like any woman, smiling now so soft and sweet,
And the next a ripping, ranting, pouring down the snow and sleet.
Oh, it's then a feller's shaking and his heart is full of fears
As he buttons up his overcoat and muffles up his ears.
For he dreads the happy places and the memories they bring
When the sleet is on the pavement and the blizzard's on the wing.

I'll allow the winter's pleasant when the hills are white with snow,
And the frost upon the window panes is equal to a show,
And the hearth is bright and cheery with the little ones around—
I'll allow it's mighty pleasant when the snow is on the ground,
But when the sleet's a pelting and y'r umbrella on the fly,
And the ice upon the sidewalk is a-winkling mighty sly,
Oh, then I'd be an angel and with the angels sing,
When the sleet is on the pavement and the blizzard's on the wing!
—Cornelia R. Liggett in Philadelphia Press.

A Vanishing People.

Mr. Peary, according to Youth's Companion, says that the tribe of Eskimos living on the shore of Whale sound, in Greenland, are the most northerly people in the world. Their isolation has differentiated them from all other races. They do not exceed 200 in number and are being destroyed by an unknown disease which appears to be a slow malignant fever. Lieutenant Peary became personally known to every man, woman and child belonging to this remote and perishing community of human beings.

G. W. INGRAM WILL LOOK GROUND OVER

Jamestown Hotel Proprietor Arrived in the City This Afternoon From the East

CONTEMPLATIONS ARE SERIOUS

Seems Now that Rumor of Hotel Has Some Basis After All.

The arrival of G. W. Ingram, the Jamestown hotel man, in the city this afternoon leads some weight to the rumor that was published in the DISPATCH sometime ago that he had been offered a proposition to come to Brainerd and either buy or build a hotel. The gentleman who were said to be interested in the deal at that time are rather reticent about the matter, although they never made a denial that such a move was on foot.

The representative of the DISPATCH saw Mr. Ingram but for a short time this afternoon but in the course of conversation the gentleman stated in so many words that he was seriously contemplating launching in the business in this city, if certain concessions could be secured.

He is one of the best hotel men along the line of the Northern Pacific and it is understood that should he decide to locate here that his son, who is now connected with the commissary department of the Northern Pacific, will become affiliated with the new hostelry.

VOICES TOLD HIM TO DO IT.

Among the Cases to be Considered by the Pardon Board is that of Ole G. Oleson, of Aitkin.

Among the cases to be considered by the state pardon board at its meeting, at St. Paul, Saturday is that of Ole G. Oleson, of Aitkin county, who is under sentence of death for the killing of his daughter.

Oleson, who is a widower, sent to the old country for his daughter and paid something like \$100 to secure her passage and railroad ticket to his home near Aitkin. Within a few months of her arrival she fell in love with a young farmer in the neighborhood and was engaged to marry him.

The day before the wedding Oleson thrust a large butcher knife into his daughter's heart, killing her instantly. He then hitched up a team and drove to Aitkin, where he delivered himself to the sheriff. The explanation offered by Oleson at the time was that he did not know what he was doing and that voices told him he must kill his daughter.

Oleson now asks that the sentence of death which was pronounced on him Oct. 29 last be commuted to imprisonment for life.

This morning Valentine Murlowski received a telegram from Minneapolis announcing the sudden death of his brother, Rev. Father Ig. TERM OF COURT TO CONVE

Judge McClenahan Will Convene a Term of the District Court in this City on Tuesday Morning.

The calendar for the regular Feb. term of the district court is now in the hands of the printer and it will be out in a day or two. The term will be convened in this city on Tuesday morning by Judge McClenahan and it is anticipated that it will be one of the busiest ever held in this county.

There are many criminal cases to come up and it will keep the grand jury busy for a time.

Union Religious Meetings.

Three of the Swedish churches of the city, namely, Baptist, Mission and Methodist, will hold a series of three weeks union meetings.

The first meeting will be held at the Swedish Baptist church next Sunday evening, Feb. 1, at 7:45, and the meetings will continue, at the same place again on Tuesday evening. Monday evening there will be no service. The committee in charge has been trying to do its best to arrange for the meetings so as to make them interesting. A new song book that has not been used before in this city has been provided to be used at these meetings. The choirs from the different churches will furnish special singing, also solos and music on stringed instruments. There will be good preaching and all this accompanied with the unction from the Holy Spirit, ought to assure every one that wants to come, an intellectual as well as a spiritual uplift.

E. H. HITT LAID TO REST.

The Funeral Over the Remains of the Young Man Held this Afternoon from the Family Residence.

The funeral services over the remains of the late E. H. Hitt were held this afternoon at 2:30 o'clock from the family residence, Seventh and Bluff streets north, and they were very impressive. Notwithstanding the rather severe condition of the weather there was quite a large attendance, and the funeral offerings were many and beautiful. The large wreath from the Woodman Camp in this city was a handsome piece and the other contributions by individuals are too numerous to be given in full. Rev S. W. Hover conducted the services and interment was made in Evergreen cemetery.

COMMITTEE GETTING PRICES.

The Gentlemen Appointed on Library Site Has Been Busy of Late Getting Data and will Report Monday.

The committee appointed at the last meeting of the city council to look up a public library site has been rather diligent the past few days and held a meeting last night. They have interviewed different owners of property in the city as to prices and will make a report at the meeting of the council to be held on Monday evening.

It is known that they have secured figures for both vacant corners at the intersection of Main and Sixth streets, the C. N. Parker corner at Eighth and Front and many locations in the heart of the city. It is also understood that they have considered the feasibility of locating the library in the center of the park.

Died Very Suddenly.

John E. Atkinson, brother of Mrs. T. W. Gibson, of this city, died yesterday at Butte, Mont., while being taken in a carriage from the Southern hotel to the hospital. The cause of death was heart disease.

Thursday Atkinson registered at the Southern hotel and yesterday the hotel people notified the hospital. When they saw the condition the man was in, they decided to take a carriage. In the carriage Atkinson became very quiet, but the men did not think there was anything wrong. When they tried to arouse him at the hospital, they found to their surprise that he was dead.

The body was still warm, and the officers did what they could to revive him, but he was past saving.

A familiar burden in every home. The burden of a "bad back." A lame, a weak or an aching back. Tells you of kidney ills. Doan's Kidney Pills will cure you. Here is Brainerd testimony to prove it:

Mrs. Moses Derocher, of 127, 7th street, south says: "Low down in the small part of my back there was a pain very distressing, by spells becoming much worse and causing me discomfort to say the least. My husband bought a box of Doan's Kidney Pills at the nearest drug store and I started taking them. The medicines which I had used failed to help me, but I can truthfully bear witness that Doan's Kidney Pills relieved my backache entirely and corrected a disorder of the kidneys which accompanied the backache."

RETURNABLE YESTERDAY.

The Writ of Quo Warranto Issued by the Supreme Court in Beltrami County Jangle.

The writ of quo warranto issued by the supreme court in the Beltrami county jangle was returnable yesterday. The new county was organized out of Beltrami county, with Bagley as the county seat, after being voted on at the last election. The county officials of Beltrami county, as well as a number of the residents and property owners at Bemidji, have raised the question as to the legality to the vote by which the new county was organized.

It is claimed by those opposed to the organization of the new county that the proposition did not receive a sufficient number of votes and this point involves the construction of the law of 1893 relating to the vote necessary to carry a proposition for the creation and organization of new counties.

The hearing in the matter may be continued to the April term of court.

The total number of points made by the Metropolitan team was 2408; by the Aitkin team 2243, making the Metropolitan team 165 points to the good. Dr. Hoorn made the high average score and White of Brainerd made the high individual score, running it up in the third game to 195 points.

The Mountain View Route.

This is what the Northern Pacific
—Shasta, or Shasta—Northern Pa-
cific Route—it reads as well back-
ward as forward—may well be
called.

The route takes its name from Mt.
Shasta in northern California. This
white, snow capped peak, at the foot
of which the Shasta route winds, is
14,350 feet high. The mountain is in
plain view for several hours from the
train and its distance from the track
varies from twelve to seventy-five
miles.

The beautiful scenery of the Sacra-
mento river at the base of Shasta, is
connected with this route only.
Castle Crags, Mossbrae Falls and
the natural twin soda fountains at
Shasta Springs are scenic gems.

The crossing of the Siskiyou range
furnishes the par excellence of rail-
way mountain scenery and observa-
tion cars are furnished there free of
charge. Then in succession comes
Mts. Jefferson, Hood—a beautiful
mountain—St. Helens, Rainier—14-
532 feet high—and Adams, all former
active volcanoes and now covered
with glaciers.

From Portland a steamboat ride
trip up the noble Columbia river to
the Cascades and Dalles enables the
tourist to see a river, palisades,
waterfalls and mountains far sur-
passing anything the Hudson can
show.

An opportunity is also given to
visit Tacoma, Seattle, Victoria, Van-
couver and the Puget Sound region.
Then follow the cascade range and
the Rockies, and best of all, a stop
can be made at Yellowstone Park.

This line traverses the finest scenic
region of the United States—don't
forget it, and see that your return
tickets home from California read
around this way.

The train service between Port-
land and the Puget Sound country,
and Duluth, Minneapolis and St.
Paul via Spokane, Butte and Helena,
is unsurpassed, including through
trains daily, one of which is the
noted "North Coast Limited."

HAVE A JOSHING TIX.

HOUSE INDULGES IN A BIT OF
HORSE PLAY OVER DOWLING'S
TRIPLITS BOUNTY.

FREAK MEASURE IN THE SENATE
CREATES A GREAT DEAL
OF MERRIMENT.

St. Paul, Jan. 30.—The singing of a
hymn, the first stanza of "Nearer, My
God, to Thee," was the unusual oc-
currence in the house during the day
to mark the birthday of the late Pres-
ident McKinley.

When Dr. F. M. Rule, Methodist pre-
siding elder for the St. Paul district,
mounted the rostrum to offer prayer,
Speaker Babcock called attention to a
large bunch of pink carnations, that
had been sent up by Dr. Dorsey, mem-
ber from McLeod county. The carnation
was the lamented McKinley's favorite
flower.

Dr. Rule called on all the members
to rise and join in singing a portion of
the late president's favorite hymn.
Every member stood in his place, and
the response was general, practically
all the members lending their voices,
under the leadership of Dr. Rule.

In the prayer that followed, Dr. Rule
thanked the Creator for the great and
good men that had been given to the
world.

Within a few moments after the ob-
servance of McKinley day, the house
went clear to the opposite extreme,
when Mr. Hugo started a piece of horse
play. It was a resolution, referring to
Mr. Dowling's bill giving a bounty of
\$2,000 to a mother of triplets who had
been deserted by her husband.

Hugo's resolution declared that the
Dowling bill involved in a maze of
doubt the parentage of the triplets, by
reciting that the woman had been "de-
serted by her husband, the mother of
triplets," and continued:

"Should it prove, upon investigation,
that the father is the mother of the
triplets, it would be a circumstance of
a most unparalleled nature, calculated
to draw widespread attention to our
great and growing state, from the
confines of the Orient to the uttermost
vastnesses of the Occident."

A committee of nine, one from each
congressional district, was provided,
to determine exactly the parentage of
the triplets, and, in the event that the
allegation of the bill should be sus-
tained, to take measures for a proper
celebration of such a phenomenal hap-
pening. After a general laugh, the
resolution was laid over, on notice of
debate.

The house had a series of spats over
motions to suspend the rules and rail-
road a couple of bills through. The
first was Mr. Cole's bill, legalizing cer-
tain road and bridge bonds in Cass
county.

Sundry members voted no, when the
question was put, but Speaker Babcock
held that two-thirds were favorable,
and the bill was sent on its way soon
after.

Other bills passed were:

H. F. 54, Stark—To amend an act en-
titled to fix the time for holding regu-
lar terms of the district court of the
First judicial district in Kanabec
county.

H. F. 76, Wilson—Providing that cer-
tain villages, etc., might designate de-
positories for village, borough or cities
mayors.

H. F. 18, Hugo—To amend Sections
2984 to 2997 inclusive, General Statutes
1894, relating to the incorporation of
Masonic bodies.

FREAK BILL IN THE SENATE.

Measure Introduced to Prohibit Miss-
cellaneous Kissing.

Forty-five senators answered to the
roll call during the day, most of the
absentees being members of the joint
party which is visiting the state school
for the deaf, dumb and blind at Far-
bault. The session was quiet, except
for the fun occasioned by a freak bill.
Six bills were introduced and two bills
passed.

Three communications were read
from Gand Army posts favoring the
Soldiers Home bill, the remaining
orders of business were passed over
quickly, and the senate was in com-
mittee fifteen minutes after it had as-
sembled.

G. P. Wilson's bill authorizing the
issue of \$200,000 bonds for the building
and enlarging of graded schools in Min-
neapolis was passed under suspension
of the rules. The bonds were voted
upon at the general election in Novem-
ber and received a large majority of
the votes cast on the proposition, but
did not receive a majority of all the
votes cast in the election, and special
legislation was necessary to legalize
the issue.

The first good laugh of the session
was enjoyed during the morning when
some senator, who refused to disclose
his identity, sent a bill up to the desk
entitled

"A bill to prevent misscel-
laneous kissing."

As it was read by the clerk, the mer-
riment increased in volume and be-
came explosive when Horton moved
that it be referred to the Hennepin de-
legation. This the Minneapolis men
objected to, and wanted the Ramsey
senators to look into it as being bet-
ter judges. In the end the freak bill
was allowed to escape getting on the
file.

In addition to the school bond bill

PURE BLOOD

Necessary to Life.
Vinol Makes it.

POOR BLOOD CAUSES ERUP-
TIONS AND WEAKNESS.

Vinol Makes Pure, Rich,
Red Blood.

BECAUSE WE KNOW THIS
WE GUARANTEE ITS ACTION.

Impoverished blood is a sure sign of
internal disorders. We see every day
too many people whose faces plainly
show that there is something radically
wrong.

We want all of our fellow-citizens to
know of our splendid blood purifier
and blood maker.

We refer to Vinol.

Vinol, as we have before stated, is a
purely scientific preparation.

Vinol owes its virtue to the fact that
it contains in a highly concentrated
state the active curative principles,
taken from the livers of live cods—the
same elements that formerly were
found in cod-liver oil, and which made
it famous.

Vinol does not contain the grease or
fat that characterized cod-liver oil and
made it in many cases worthless.

Vinol acts upon every one of the
great vital organs, and by invigorat-
ing and giving them strength, enables
them to properly perform their func-
tions.

Vinol's effect on the stomach is mar-
velous. It tones up this, the greatest
of the organs of the body, and enables
it to obtain from the food which is
taken into it the necessary elements to
create flesh and muscle tissue, bone
structure and pure, rich, red blood.

We are in receipt of a letter from a
Savation Army woman which reads as
follows:

"I took Vinol after a bad attack of
grippe, and so much good did it do me
that I persuaded my sister to take it.
She was all tired out. Had no appe-
tite and her blood was very poor. It
did her as much good as it did me."
BETSY HABERSHAW, 718 River St., Fall
River, Mass.

Won't you please come in and
see us? We are always glad to
extol the merits of Vinol.

We will give you back your
money if you don't find Vinol
will do all we claim it will. Could
any one do more for you?

INDIAN BILL PASSES.

House Begins Consideration of the
Postoffice Measure.

Washington, Jan. 30.—The house
during the day passed the Indian ap-
propriation bill and began considera-
tion of the postoffice appropriation bill.
Mr. Burton (Rep., O.) continued his
criticism of the extravagance of the
items of the Indian appropriation bill,
but his three days' attack on the bill
was not productive of many reductions.

Mr. Patterson (Dem., Tenn.) took ad-
vantage of the latitude allowed on the
postoffice bill to make a speech on the
trust question.

Mr. Reid (Dem., Ark.) spoke on good
roads.

The conferees of the department of
commerce bill were named just as the
house adjourned.
